

Merit Mark Recommendation

(From January 1 to December 31)

One of the most important jobs a Commander does is to provide to the Chief Commander a list of those who through the year have provided significant effort in achieving the goals of the United States Power Squadrons. The Commander and the Merit Mark Chairperson solicited from each bridge member their input throughout the year. However, we do not want to miss anyone. Regardless of how you get recommended, to earn a merit mark, a rule of thumb in the past has been to contribute 16 hours of significant effort.

For Merit Mark consideration, fill in the blanks with your activities since: _____ (Dates)
Put total hours at the end of the category. Use blanks for activities not listed.
